

Providing warranty protection for your buried, outside water and sewer lines.

As a homeowner, you are responsible for the maintenance of your buried water and sewer utility lines.

- Warranty protection for each of these lines is available from SLWA providing coverage for leaks, breaks or clogs caused by normal wear and tear on the section of the line located between the home and point of utility maintenance.
- Each warranty provides repair coverage with no service fees, deductibles or lifetime or annual caps.
- All services performed by local, certified contractors meet local requirements.
- SLWA has a 24-hour, toll-free repair hotline that will send a local contractor to your home quickly to make the needed repair.

To learn more about the program, please call 1-866-922-9006 or visit www.SLWofA.com.

SLWA is an A+ Better Business Bureau company
